Harper's Magazine. IN 1895.

The Simulations, a new novel by Thomas Hardy, will be began in the December number, 1894, and continued to November, 1895, and the series of the property of the sent successful story of the year. Another leading feature will be the Personal Becollection of Joan of Arc, by the Stear Louis of Conte, the Page and Secretary, under which guise the most popular of living American magazine writers will present the story of the maid of Orients. In the January number will appear a profusely illustrated paper on Charleston and the Carolinas, the first of a series of Souther, Papers.

Northern Africa is attracting more attention than at any other time since it was the seat of capires. The next volume of HARDER'S MAGAZINE will contain four illustrated articles on this region, and three of them will depict the present life there. Julian Ralph will, prepare for the MAGAZINE a series of eight stories, devicting typical phases of Chinese Life and Manuers. Besides the long stories, they will begin in the January Novelettee, by Richard Harding Davis—the longest work yet attempter by this writer.—Complete short stories by popular writers will

SEND FOR ILLUSTRATED PROSPECTUS.

The volumes of the MAGAZINE begin with The volumes of the MAGAZINE begin with the numbers for June and December of each year. When no time is mentioned, subscrip-tions will begin with the number current at the time of receipt of order. Cloth cases, for binding, 50 cents each—by mail, hostpaid.— Tille-page and Index sent on application. Remittances should be made by Post-office Money Order or Draft, to avoid chance of loss.

THE ELBE TRAGEDY.

Unfortunately there is little room to

doubt that there was carelessness on the part of the Eibe or the Scotch trader. A vigilant watch would have prevented the collision.—New York Mail and Express.

It is high time that the gigantic ocean liners of old build were inid aside. Had the Elbe possessed the longitudinal steel bulkheads such as the American liner Paris possesses she would very probably be affent today.—Newark Advertiser.

The inexplicable thing is that the aggressor should not have waited and sought to render assistance. There is something that seems to say that the ship that rammed the Elbe was in charge of men who were drunk.—Brooklyn Standard-Union

It has been claimed, and apparently

it has been claimed, and apparently with reason, that a modern liner was proof against the perils of the deep, but it seems that this is not the case, and it will be years before the sense of security in vessels of the class to which the Elbo be-

nged will be restored .- Springfield Un-

Of the 20 saved 15 were officers, crow and pilots, a proportion seemingly irrec-oncliable with a proper discharge of duty by the officers and almost irresistibly sug-gestive of cowardly desertion in the mo-

ment of danger by those whose life and death duty it was to save the passengers, and especially the women and children.—New York World.

For this awful tragedy it is a sad fact that no adequate punishment will ever be inflicted. Neither English nor German law inflicts the penalties for carelessness at sea meted out to like carelessness on

Phrenology does not at the present day erit scientific discussion .- "Physiology

Phrenology is founded on no certain experimental or scientific basis. Phrenology is not true.—Globe Encyclopedia.

Enowledge seems fatal to the ordinary

phrenological doctrine,—"Mental Physicology," by Dr. W. B. Carpenter, F. R. S.

Phrenology by Gall and Spurzheim was therefore fallacious in every respect.— "Brain as an Organ of the Mind," by H. C. Bastiau, M. D., F. R. S.

Phrenology is no longer popular as it once was. Its mapping of the brain is now generally admitted to be imaginary.

—"Reign of Law," by the Duke of Argyll.

Your skillful phrenologist is in truth a shrewd physiognomist. Oft the cockloft is empty in those whom nature hath built many stories high. — Popular Science Monthly.

It is a mistake to place it (physiognomy)

in the same category as phrenology, since the latter lacks that sound basis of physi-clogy which no one can deny to the for-

Anatomy affords no foundation for

mapping the cranium into minute subdivisions or regions.—"Anatomy of Expression," by Sir Charles Bell, M. D., Profess-

Neither anatomically nor physiologically can phrenology be said to have any longer a leg to stand upon. A true physiognomy is an ever efficient aid to a false phrenology.—London Graphic.

La Crosse, Wis.

Office of THE PIONEER PRESS COMPANY, C. W. HORNICK, Supt. St. Paul, Minn., Sept. 7, 1894.

Eureka Chemical and MTg Co., La Crosse, Wis.

Dear Sirs — I have been a tobacco fiend for many years, and during the past two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physician told me I must give up the nse of tobacco for the time being, at least, I tried the so-called "Keeley Cure," "No-To-Bac," and "Baco-Curo." Three weeks ago to-day I commenced using your preparation, and to-day I consider myself completely cured; I am in perfect health, and the horrible craving for tobacco, which every inveterate smoker fully appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it.

Yours very truly.

C. W. HORNICK.

BEST FOR SHIRTS. THE PROCTER & GAMBLE CO., CINTIL

June 19, 1894-1v. ORDER YOUR WINES AND BRANDIES DIRECT FROM THE PRODUCER. The Blue Ridge Fruit

and Wine Company. MILLVILLE, WEST VIRGINIA. BECKER BROS. PROPRIETORS. Charles Becker, Office 419 E. Lombard St.,

Charles Becker, Office 419 E. Lombard St. Louis Becker.

Baltimore, Md.

The Wines and Brandies for which we solicit your orders are of our own production, and superior to any native. Wines and Brandies effered. The land of the Blue Ridge Fruit and Wine Company embraces the foot bills of the Blue Ridge Mountains, on the cast bank of the Shenaudonh River in Jefferson County, W. Va. This district is known to contain the same soil, has a similar climate and location as the well-known Charente and Champagne districts of France; (their soil is of a Lroken, chalky formation, containing a large percentage of Oxide of Iron that imparts to their Wines and Brandies the peculiarity that has given them a world-wide reputation.) So far nowhere in the world has a similar location been discovered until the locating of the Blue Ridge Fruit and Wine Company in West Virginia. The Blue Mountain Peaches to-day stand pre-eminent; also the Grapes; and in offering our Wines and Brandies we do not claim them as Imported, but of our own production from the newly discovered Fruit Belt, and worthy of a fair comparison with the finest Imported goods.

Special attention is called to our Cognac and Brandy as being absolutely pure.

The Peach Cognac is made of the pure julce of mountain peaches (no seed or pomace i used), and is distilled for medicinal use.

Peach Brandy is made of Peach pomace all seeds are taken out before distilling.

The Grape Cognae is made of choles white winc, and is distilled for medicinal nase.

Grape Brandy is made of pomace.

Sample cases containing fire varieties of Wines (2 bottles each), and two varieties of Cognae (1 bottle each), t \$8.00 per case qts.

Packages charged extra: Gallon 50: 5 Gallon Kegs \$1.00: 10 Gallon Regs \$1.27.

Barrels and Half Barrels free.
